# JOHN FIGUEROA

I am John, a BSIT graduate specializing in web development with proficiency in Laravel and PHP. I excel in task organization, coordinating with cross-functional teams, and driving projects to successful completion. My strong attention to detail and ability to follow procedures ensure that I consistently deliver high-quality results. I thrive in both independent and collaborative environments and am committed to continuous learning and professional development.

## EXPERIENCE

**OSG GLobal Consulting Inc. | 2024 Apr - Present**
Internal Auditor
As an auditor, I primarily count current store stock, generate reports based on total stock value, and prepare audit reports. Before finalizing, the audit leader and manager verify all stock locations to ensure accurate counts before proceeding with the audit.

**Mabizza IT Solution I 2023 Dec - 2024 Mar**
Software Eng. Jr.
As a software engineer, I specialize in website development using Laravel and PHP, focusing on creating and improving systems to enhance performance and accuracy.

**Limketkai Mall I 2023 Aug - 2023 Dec**
Sound Technician
As a sound technician, I set up and operate equipment for events based on client requirements, then pack up, inspect for maintenance issues, and prepare for the next event.

## EDUCATION

**2023**
Capitol University

Bachelor of Science in Information Technology with comprehensive coverage of topics such as web development, application development, and e-commerce. Emphasis on teamwork, efficiency, and delivering satisfying results.

**2019**
Informatices Institute

We learned the basics of programming and its societal impacts, gained practical training in computer service, and developed skills for efficient problem-solving.
